# THE BYLINE

VOLUME V--FIRST ISSUE---FRIDAY, FEBRUARY 2, 1951---BRISBANE, CALIFORNIA

## TODAY IS GROUND-HOG DAY!!

Come on out - I DARE you!!

Dear Reeces:

WITH THE 194th COMBAT  
ENGR. BATTALION.

Sorry I haven't written before this, but I have been pretty busy lately. I left Fort Ord on the 5th of December, and arrived at Ft. Lewis, Washington, on the third of January. Thank God I was able to be home for Christmas!

Then we left Fort Lawton on the 26th--and here we are--supposed to dock at San Francisco soon. Well, that's all I can say right now, about shipping, because of the strict censoring.

PLEASE keep the Byline rolling off the press, as it gives me something to look forward to--and is a great moral builder. It gets the hometown news overseas, so that we can read about the people at home, and about the town itself. So KEEP THE PRESS ROLLING, because as long as the people of Brisbane have a paper like the Byline, the town will succeed rapidly. Well, that's about all I can say, except that when I get back, I will thank you in person for sending me the Byline. Yours truly,

PVT JAMES R RICE.

\*\*\*\*\*

Hello, Reeces:

WITH THE MARINES AT  
OCEANSIDE, CALIF.

I decided I had better drop you a line to let you know my new address so that I can get the HOMETOWN PAPER again. I have certainly missed not getting it the last few weeks.

I am going through my combat training. We are on an eleven week training program.

How are you folks? And everyone up that way--all fine, I hope? We have enjoyed beautiful weather down here this week.

I have guard duty to do today, so I haven't much time left for this letter. But I want to thank you again for sending the paper. It helps a lot to know what is happening at home.

Yours sincerely,

DON "MICKEY" HUNTER

#### DID YOU KNOW:

that old friend "West" Eaton has returned to service in the Air Troop Transport Command?

that friends of Dave Tracy were happy to see him last weekend, home on weekend pass?

that friends of Eddie Maxwell should send me his correct address, because his copies of the Byline are being returned?

## FOR THE BOOKWORM

BOOK REVIEW: Hello, Readers. This week I have chosen DIVINE MISTRESS by Frank G. Slaughter, to review. Frank Slaughter also authored such books as IN A DARK GARDEN and others. Dr. Slaughter, a famous physician as well as an author, tells the story of early medicine in DIVINE MISTRESS. The time of the story is laid in the day of the INQUISITION--in the sixteenth century. During those trying times, the Pope's word was Law--and anyone who dared think for himself was tried and most often, convicted, of "heresy". The crime of heresy was punishable by burning at the stake, after long periods in the torture chambers of the Inquisitors--who tortured and maimed and mutilated the victims caught in it's clutches. The hero of this story is one of the earliest physicians, Antonio Servitus--who saw his brother Michael burned at the stake for merely learning the fact that the heart and lungs were connected by the bloodstream. According to the powers of the Church in those days, each organ in our bodies was entirely separate from every other organ, and controlled only by God. Therefore, when an organ went bad--cut it off, because it was obviously offending God. Causes and Cures were unheard of--and practically unmentionable. It took Antonio Servitus to PROVE his brother's theory by undisputable evidence--and the means of proof came from the bloated body of a Bishop--who was suffering from Dropsy. Antonio proved that when he took a whole pint of blood from the Bishop's body, the breathing became easier and less labored. Tony's adventures, his capture by and escape from the Inquisition--his love for the lovely Lucia Bellarmi, a granddaughter of the the Medici's--his service to the Queen of Spain after his escape from Italy--all adds up to a wonderfully exciting and educational story. A "must" on the list of adventure and romance readers.

## 220 SIGN FOR WATER IN BRISBANE:

Results of a canvass made recently to determine how many local residents would sign for water service from the newly created Brisbane County Water District were announced this week by Ted Dagler, water district President. He reported that of 284 water users approached, 220 had signed for service. The board has reached agreement for purchase of the Brisbane Water Company but is unable to be quoted what it calls a "proper price" for purchase of the lines of the Vistacion Water Co. The board therefore, is going to proceed to build its own lines, it claiming that most of the Vistacion system would have to be replaced if purchased. While the board members have not yet adopted the complete rule and regulations for operation, it has decided that no service charge will be made against users in the Brisbane County Water District System. Barring further increases in the whole-sale rate, the board has set a minimum rate of \$2.75 for the first 600 cubic feet. Water in excess of this amount will be delivered at the present prevailing rates. The board is also considering charging a connection fee against those waiting to sign up after the service is in operation.

RON WRIGHT'S SPORTS COLUMN:

The eighth grade girl's basketball team lost to So. San Francisco by score of 30-6. The girls just weren't up to their old form that day. The only Brisbane players to score were May Barnes (4 points) and Colleen Allen (2 points).

\*\*\*\*\*

Readers: if you get all confused when reading my column, I just want to explain that there are three girls teams and five boys teams. Among the girls teams are those of the 6 & 7th grade group, the 8th grade group, and the 9, 10, 11, & 12th grade group. Among the boys teams are the two teams of the 6th and 7th grade; one team for the 8th grade; two teams for the 9th and 10th grades; and one team for the 11th and 12th grades. It's pretty difficult to get straight every time, so if I put someone's name on the wrong team, I hereby apologize!

\*\*\*\*\*

Jefferson High Varsity Basketball team is going great guns! The Indians trampled the Burlingame five last Friday evening by the score of 54 to 44. It was undoubtedly the best game the Jeffs ever played. They have won two league games and lost two, but if they keep plugging they'll do alright.

\*\*\*\*\*

After trying to get their third straight win, the Jeff 130's lost the Burlingame game. Altho the 130's were playing good ball, the Burlingame lightweights were just too good.

\*\*\*\*\*

The Brisbane 9, 10, 11, & 12th grade girls basketball team won over South San Francisco last Saturday by the score of 16 to 28. Pat Deucher, Martha Cook, and Marilyn Glen were among the top scorers.

\*\*\*\*\*

The Brisbane HI-Y 11 & 12 Basketball team won over the "Cards" by the score of 34 to 22 at San Mateo High Gym. It was a well-played game. Well, that's all for this time--see you next time.

A Sunday School zone rally was held last Friday night at San Bruno's Nazarene Church. The congregation sang several songs, and GOOD! What singing! Two duets were sung--one by San Bruno people and the other by Palo Alto People. Then the count of outside attendance was taken, among which was a group from Brisbane's Nazarene Church. A very interesting film on "Alaska" was shown, and enjoyed by all.
